**Subject:** Our economy depends on the river

Portland's blue-collar harbor jobs will suffer if the cleanup plan is too expensive.

I support a thorough cleanup plan for the Willamette River but the idea that we can restore the river to its original state is not realistic. That kind of cleanup would take forever and it would cost a ton. Make sure that we get a flexible cleanup plan that works.

Thanks for all you're doing to protect our river. It means a lot to people who live, work and play there.

Sincerely,
